Worth seeing in Söll:

On the square in front of the parish centre there is a walk-in labyrinth, the centre is laid out with a scallop shell.

30 minutes from the centre, at the beginning of the mountain „Hohe Salve“, the **„Stampfanger Pilgrimage Church“** stands on a rock. You should really visit this special place. The little chapel **“Lengauer Kapelle“** is situated on the “Sunseitweg” and its consecrated to St. Anne.

Very close by, the cable car takes you to the Söller „Hexenwasser“, a fabulous and very well-known park all about water.

God’s blessings on your further pilgrimage!
BUEN CAMINO!
